

Unit 2- Meet Your Cello

What is your cello called?

Remember!

- **Your instrument is very delicate, treat them it care.**
- **Keep it in its case when you're not playing it**
- **Don't store it near a radiator or anywhere is might get damaged.**
- **Lie it on the ground, not against a wall or table.**
- **Do not touch the tuning pegs AT ALL; if a string comes loose tell Mr Moore in your next lesson.**
- **Bows are also very delicate, do not get them out until you're told to and remember not to touch the hair.**
